

Management

Dr Rainer Mikulits

Rainer Mikulits has been Managing Director of the Austrian Institute of Construction Engineering (OIB) since 1995. He represents the interests of the OIB and the Federal States in the Standing Committee on Construction of the European Commission as well as in all other relevant European and international building code bodies such as the „Consortium of European Building Control“ (CEBC) and the „Inter-jurisdictional Regulatory Collaboration Committee“ (IRCC).
